## GOLD MINES IN BACK YARDS

There are miniature gold mines in back yards. Fresh, crisp vegetables, better than any to be purchased at stores, can be grown with little trouble and at trifling cost on any available piece of land. A plot 25 by 25 feet will supply a small family and 50 by 50 feet can be made to keep a family of eight supplied with a variety of fresh vegetables all summer, with some to store for winter use.

This broklet tells all about its how to dean no the back parf and prepare the call; exactly but much seed to use; when and how to now the seeds and the yield this may be expected. Complete information, with diagrams. Gives simple and consider instruction—and that is to be found in some book, on the subject conting \$1.80 to \$1.77 csc1.

Get Ready for Weshifish.

Frederick C. Heintz of the Raunt will
try Saturday and Sunday to land the first
weakfish of the season at Valentine's Point
Jamuica Bay. When asked if he was after
a Bottle off wine that Joe Sehy presents to
the fighterman who lands the first weakfish he repiled.

"I wouldn't get it if I won it. I am
barred. You see a fallow who has caught
the first weakfish three times in succession is placed on the retired list."

When John Schaefer, the guide at the
Faunt, was told what Heints had said
Schaefer remarked:

"Bull, bull."
